

Six Reasons to Use ApplicantStack for Your Indeed Postings

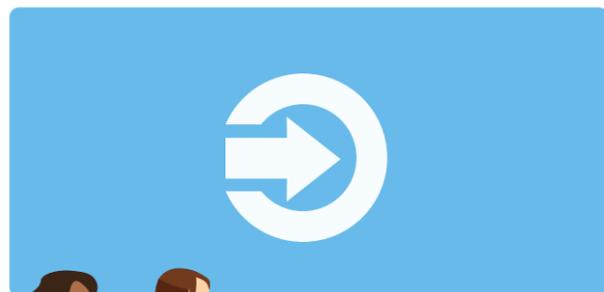

ApplicantStack | indeed

1. Single Login

ApplicantStack automatically connects with Indeed using your secure username and password.

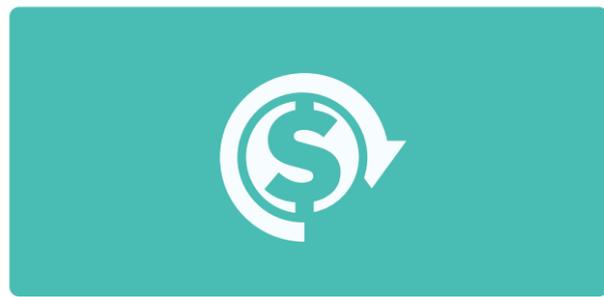

2. Fast Submission

No need to copy and paste your job details. ApplicantStack takes care of it all.

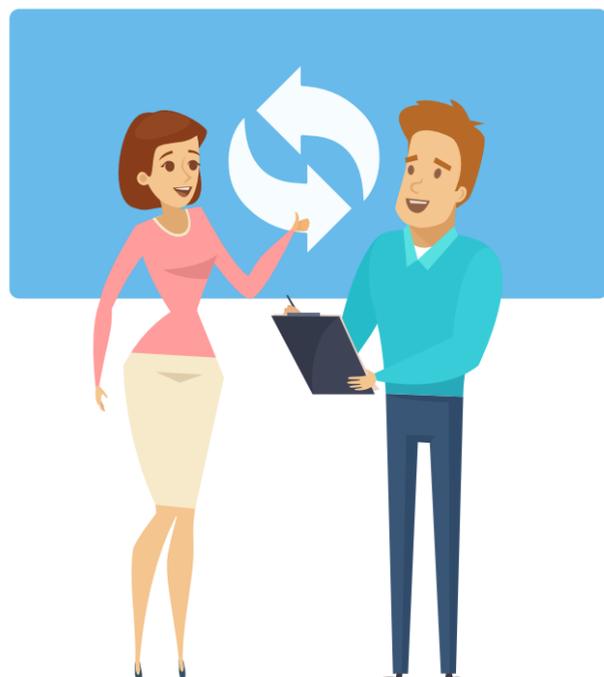

3. Sponsored Posting

ApplicantStack lets you opt to sponsor (pay to advertise) as you prepare each post. This option may give your posting greater visibility.

4. Indeed Apply

Our integration lets candidates easily populate their applications with their information. Jobs with Indeed Apply get 4x more applications, according to Indeed.

5. Simultaneous Posting

When you post to Indeed with ApplicantStack, you can simultaneously post to other job sites, social media and your own company job board.

6. Application Tracking

As candidates apply, their information comes directly into ApplicantStack where you can begin reviewing it with other applicants from other sources.
